Warning: Forms will provide organization and instant feedback! Using Google Forms has transformed my classroom. Come join us to learn how you can take this amazing resource and use it to differentiate instruction. You will be hooked once you see how you can create quizzes, games, pre and post assessments, get instant feedback, create exit tickets, and much more! We will also explore some add on features, such as Flubaroo, that will help you grade assignments, email grades, and send individualized feedback to students.

8:30-3:30 pm

Rivercrest Elementary Computer Lab

If you would like to move towards a more paperless classroom, then this workshop is designed just for you! We will share tools, tips, and tricks that are easy to implement and will help revolutionize your teaching. Guaranteed to make your teaching life easier, we will explore ways to digitize your filing cabinets and spend less time standing at the copy machine and more time enjoying your students.

Save paper and let your classroom grow by saying, "I think I can, I think I can....."

8:30-3:30 pm

Rivercrest Elementary Computer Lab

Join us for a fun-filled day of discovering new tools and resources that will rock your classroom! We will discover classroom tested, student approved web resources that you can take back and immediately implement in your classroom. In addition, we will explore ways to take your students to remote places of the world using Google Maps, meet classrooms in other states and countries using Skype or Hangouts, and develop scavenger hunts and self checking centers with QR Codes. Let's get connected with these awesome tools!
